

“Our Twelfth step-carrying the message-is the basic service that the AA Fellowship gives; this is our principal aim and the main reason for our existence. Therefore, AA is more than a set of principles; it is a society for alcoholics in action. We must carry the message, else we ourselves can wither and those who haven’t been given the truth may die”

The AA Service Manual, “AA’s Legacy of Service” pg. 81

Cooperation with the Professional Community (CPC)

The committee’s goal is to get the message of [what AA is...and what it is not], into the hands of professionals who have direct contact with still suffering alcoholics.

The list is long of professions encountering still suffering alcoholics in the course of their work. The first focus for district 32 CPC committee is Healthcare professionals. This is just a beginning of what needs to be done:

- **Contacting doctors, nurses and other healthcare professionals who deal with alcoholics every day about what AA is and what it isn’t.**
- **Putting literature racks into doctors’ offices and hospital waiting rooms**
- **Checking the racks twice a month and restocking as needed**
- **Assisting at a booth when invited at professional or local events**

You don’t need special training, just a desire to help still suffering alcoholics

Your input and assistance is critical.

Please be willing to help; contact the District 32 CPC Committee Chair
